***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made to the subject application:

**In Specification:**

On page 1, line 5 inserted the following paragraph:

**--RELATED APPLICATIONS**

This application is a 371 of PCT/IB05/50761 filed 03/02/2005, which claims ~~priority~~ under 35 U.S.C. 119 to an application 04100889.7 filed 03/05/2004 in the European Office, the contents of which are incorporated herein by reference.--

**In claims:**

Claim 11 has been amended as follows:

11. (Currently Amended) Device (D) for determining at least one characteristic parameter (TR) of a resonant structure, including:

- a) a first antenna and
- b) a second antenna, and
- c) a retaining device for retaining the resonant structure at a location, said location being located in the ~~far~~ far field of the first antenna and in the far field of the second antenna,
- d) a signal generator for generating an HF-signal (OUTS) with varying frequencies, wherein the HF-signal (OUTS) generated by the signal generator is transferable to the first antenna, said first antenna being provided for emitting electromagnetic waves (EEW) with varying frequencies to the resonant structure, said resonant structure takes care for modifying the emitted electromagnetic waves (EEW) and for ~~achieving~~ achieving

Art Unit: 2821

modified electromagnetic waves (MEW) and said second antenna being provided for receiving the generated modified electromagnetic waves (MEW), and

e) a first determining device for determining a first electric power-value representative of the power associated with the emitted electromagnetic waves (EEW) emitted by the first antenna and for generating a first determining result[.]

f) ~~And~~ a second determining device a for determining a second electric ~~power~~power-value representative of the power associated with the received modified electromagnetic waves (MEW) received by the second antenna and for generating a second determining result, and

g) processing means for processing the first electric power-value and the second electric power-value ~~and~~ and for determining the at least one characteristic parameter (TR) by using the first and second power-values.

The Examiner's amendment has been made to clarify the claimed languages as well as correct typographic errors in order to place the application in a condition for allowance.

### ***Reasons for Allowance***

1. Claims 1-21 are presently allowed.
2. The following is an examiner's statement of reasons for allowance:

The cited art of record fails to teach a method for determining or a device for at least one characteristic parameter (TR) of a resonant structure, including a first antenna, a second antenna, a retaining device for retaining the resonant structure at a location, a signal generator for generating an HF-signal (OUTS) with varying frequencies, a first determining device for determining a first electric power-value representative of the power associated with the emitted electromagnetic waves (EEW) emitted by the first antenna and for generating a first determining

Art Unit: 2821

result, a second determining device a for determining a second power-value representative of the power associated with the received modified electromagnetic waves (MEW) received by the second antenna and for generating a second determining result, and processing means for processing the first electric power-value and the second electric power-value and for determining the at least one characteristic parameter (TR) by using the first and second power-values as defined in claims 1 and 11.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
